## About the Forum

**The X Annual International Forum «Exchange Commodity Market» will take place on 19-20 March 2026 at the Congress Center of the World Trade Center (WTC) in Moscow** (12 Krasnopresnenskaya embankment, World Trade Center, entrance 4).

The Forum has been held in Moscow since 2015 and is organized by the Saint Petersburg International Mercantile Exchange (SPIMEX), the largest commodity exchange in Russia. Each year, the Forum brings together around 1,000 in-person participants representing commodity and financial markets, with an additional 3,000 participants joining online.

In 2026, the anniversary 10th Forum will be held for the first time in an expanded two-day format and will become one of the largest cross-industry business events.

The agenda covers:

- development of organized exchange trading across key commodity markets;
- advanced technologies and new analytical, financial and logistics solutions for market participants;
- international topics related to the organization of export trading.

Detailed information on the Forum agenda, participation terms and registration is available at [spimexforum.ru](https://spimexforum.ru).

## Forum Objectives

The Forum aims to support state policy for competition development, enhancing of pricing transparency in different sectors and regions of Russia, and establishment of international and national system of price indicators.

The Forum's objective is to establish a unified ecosystem for cross-industry dialogue, integrate advanced technologies and services, and develop transparent rules of the game. It brings together producers and consumers of strategic commodities, brokers, representatives of financial institutions, logistics and technology companies, foreign exchanges, and regulators in one venue.

## Forum Format

The Forum's program includes over 20 thematic sessions dedicated to selected commodity markets and analytical services, as well as to such topics as petrochemicals, logistics, construction materials, digital financial assets and crypto-currencies, precious metals, export-focused trading mechanisms.

The event will include an exhibition area with Forum partners presenting cutting-edge IT products, analytical and financial solutions for business. The Forum will also traditionally host media briefings, press conferences, business community meetings, signing of partnership agreements, as well as the annual «Exchange Commodity Market Leader» award ceremony.
