

Traded Volume for Mineral Fertilizers in January-May 2021 Was Two Times Higher Than in the Entire 2020

The sales of mineral fertilizers on SPIMEX in January-May 2021 doubled the figures for the entire 2020. For 5 months, 200,727 tons were sold.

Trading in mineral fertilizers started on SPIMEX in December 2017. The modern electronic platform of the Exchange provides an opportunity to conclude transactions at transparent market prices in a remote format, including outside the office, ensuring settlements and execution of transactions based on the Exchange Rules.

Today, leading Russian manufacturers of mineral fertilizers take part in the auctions, gradually introducing to the exchange new product types and brands for the agro-industrial complex. The combined sales of three largest manufacturers accounted for 82% of the total sales on the Exchange. PhosAgro Group's share is 55%, Acron Group 16.7%, MCC EuroChem 10.3%. Ammophos (NP 12:52), ammonium nitrate and complex NPK fertilizers are in the highest demand at the auctions.

Exchange trading in mineral fertilizers is carried out from more than 150 delivery bases located in the Amur, Belgorod, Bryansk, Volgograd, Vologda, Voronezh, Irkutsk, Kaliningrad, Kaluga, Kemerovo, Kirov, Kursk, Lipetsk, Moscow, Nizhny Novgorod, Novgorod, Novosibirsk, Omsk, Orenburg, Orel, Penza, Rostov, Samara, Saratov, Sverdlovsk, Smolensk, Tambov, Tula and Tyumen Regions, Republics of Bashkortostan, Kabardino-Balkaria, Crimea, Mari El, Mordovia, North Ossetia-Alania, Tatarstan and Chuvashia, as well as Altai, Krasnodar, Krasnoyarsk, Perm, Primorsky and Stavropol Territories.
